

# Office of Chief and Council Government of Siksika Nation

FOR IMMEDIATE RELEASE

## **Usman Tahir Jutt provides Siksika Nation with a donation for his 12 days of Giving Campaign**

Siksika Nation (December 11, 2020) - Siksika Nation was selected by Usman Tahir Jutt for his 12 Days of Giving Campaign and will receive a donation on December 12, 2020. Usman Tahir Jutt is President and CEO of Chirp Foods which operates several McDonald's restaurants located in Strathmore, Airdrie, Olds, Innisfail, Balzac and Calgary.

A dedicated community builder, Usman has donated to numerous worthwhile causes aimed at improving the lives of Albertans. "As the owner of Strathmore McDonald's, I am happy to play a small part in strengthening the relationship between the business community of Strathmore and Siksika Nation. The success of the Strathmore Business Community depends on the support of the community. We hope this inspires other businesses in the area to reach out and find meaningful ways to connect with the Nation."

Chirp Foods owns and operates McDonald's franchises across southern and central Alberta. Based on the foundation that our business would not exist without the support of the communities that we operate in, it is important to us to continue to give back.

Siksika Nation Chief and Council will accept the generous donation on behalf of Siksika Nation and have expressed gratitude to Usman Tahir Jutt and his company's commitment to supporting an inclusive community. "We are extremely grateful for this generous donation on behalf of Siksika Nation. We would like to recognize the importance of relationship building especially with our neighbors and see this as an important step forward in developing a more inclusive community." Said Chief Ouray Crowfoot.
