SIKSIIKA LAND MANAGEMENT

PUBLIC NOTICE

BOUNDARY MAINTENANCE SURVEY

Siksika Land Management would like to inform community members that survey work will be taking place along portions of the exterior boundary of Siksika Indian Reserve 146. This project is scheduled for the Spring/Summer 2026.

Purpose of the Survey

The survey is technical in nature and is intended to:

- retrace and document the existing reserve boundary.
- confirm monumentation.
- identify any encroachments or fence lines along the boundary.
- support responsible land use planning and community development.

Traditional Territory

This work also does **not** affect Siksika Nation's recognition of our full Traditional Territory. Our traditional lands remain central to who we are as Siksika people. The survey strictly documents existing federal boundary lines for planning purposes.

If community input or oral history indicates a need to expand or assert boundaries, that would occur through **separate Nation-led processes**, not this survey project.

This survey does not change, reduce, or alter the reserve boundary in any way.

For questions or more information, please contact Siksika Land Management by email at Landsreception@siksikanation.com, or by phone at 403-361-4224.
